Andhra Pradesh, India

Education

Indian Institute of Information Technology, Sri City Aug 2023 - Present
B.Tech in Computer Science and Engineering

Narayana Junior College, Vellanki Jun 2021 - Jun 2023
Intermediate - MPC *Percentage: 93.9%*

Viswabarthi High School, Gudivada Jun 2016 - Apr 2021
SSC - Olympiad Batch *GPA: 10/10*

Skills

Programming Languages: Python, Java, C, C++, SQL, R, TypeScript
Web Technologies: React, Next.js, Node.js, Express.js, FastAPI, MongoDB, SQLite/PostgreSQL, Tailwind CSS
Tools & Platforms: Git, Linux, Postman, AWS, Railway, Vercel, Streamlit
Core Computer Science: Data Structures and Algorithms, OOP, DBMS, Operating Systems, Computer Networks
Soft Skills: Problem Solving, Communication, Leadership, Teamwork, Logical Reasoning

Projects

Campus Pulse | Python, FastAPI, React, Tailwind CSS, SQLite/PostgreSQL, WebSockets | GitHub

- Built and deployed a full-stack campus complaint-management platform with 6 role-based portals, covering the complaint lifecycle from submission through SLA-based resolution, with session auth, RBAC, and audit logging.
- Implemented real-time WebSocket chat/notifications, an automated SLA escalation scheduler, OTP-based password reset, bulk Excel/CSV import, and automated database backup and restore.

EduAxis - School Management System | React, Node.js, Express, MongoDB, Redis, Solr, Tailwind CSS | GitHub

- Extended a multi-tenant school management platform with a Redis caching layer and an Apache Solr-based search engine, including dedicated services and a reindexing pipeline.
- Built the login/register flow, role-based dashboards, and assignment submission interface for students, teachers, and admins using React and Tailwind CSS.

Research Experience

IED-GCN: Landslide Susceptibility Assessment Jan 2026 - Apr 2026
Research Project under Prof. Arun P.V., Dept. of CSE, IIIT Sri City | PyTorch | GitHub

- Reimplemented IED-GCN (IEEE TGRS, 2025) from scratch in PyTorch: internal/external graph convolutions with edge decoupling, plus a second variant with one-hot categorical encoding and improved map classing.
- Matched the paper's superpixel granularity (~10 pixels per superpixel instead of ~3,600), raising held-out kappa from ~0.75 (single run, 49 test samples) to ~0.99 (5-seed mean, random split).

Deep Learning for Wireless Communication Jan 2026 - Apr 2026
Research Project under Prof. Hemanth Kumar, Dept. of CSE, IIIT Sri City | PyTorch

- Developed deep learning-based channel estimation techniques for LIS-assisted massive MIMO systems.

Positions of Responsibility

Badminton Captain - IIIT Sri City Aug 2025 - Present

- Led the college badminton team, organizing training sessions, team selection, and match strategy for tournaments.

NSS Volunteer Nov 2023 - May 2026

- Participated in social outreach programs and community service initiatives.

Stalls Team - Abhisarga 2024 Feb 2024 - Apr 2024

- Coordinated with vendors and managed stall logistics during the annual college fest.

Achievements & Certifications

- Qualified for Round 2 of Unstop Talent Park 2025 (Top 0.1% among 370,000+ participants).
- Represented IIIT Sri City in inter-college badminton tournaments.
- Completed Python Skill Up certification by GeeksforGeeks (Nation Skill Up).
